my mother would say to me, ‘Look for the helpers. You will
always find people who are helping.’”

Our Vision

Every individual has the knowledge, freedom, and power to
achieve optimal reproductive health

How you can help us provide care

- Buy Health Center Staff Lunch to thank them for showing up to care for our patients day after day with compassion. Some days staff are not comfortable leaving for lunch because of the protestors so they appreciate having lunch delivered.

Reduce Stigma

We know that the best way to change hearts and minds is to have open and honest conversations with people who trust us. This is also true when talking about abortion.

- Abortion stigma is the invisible force behind:
 - Defunding threats
 - Not saying the “A” word
 - Misinformation about abortion

By talking with our loved ones about abortion, we can change the narrative around abortion and reassure people that **abortion is essential health care**.

Act!

- Sign the People's Brief and tell the courts to protect access to mifepristone.
